

SOLAR CHARGE CONTROLLER

❖ SPECIFICATION

- 12V DC, 360watt solar charge controller
- Dusk dawn
- Battery & Panel reverse protection
- Audio alarm, Batt low, over load
- Over load & Short Circuit Protection
- Temperature Compensation
- PWM & Trickle Charging

❖ INDICATIONS

- Battery Low (10.5v)
- Battery at 25%,50%,100%
- Charging
- Solar Presence
- Battery presence
- Over load
